

August Calendar 2016

Please check if math fact and spelling were practiced and put the number of minutes read. Math facts should be practiced 4 times a week, spelling at least 2 times a week, and reading should be at least 20 minutes a day 5 times a week. If you read or practice math facts on the weekend, please mark it on the calendar. I will look at Friday to the next Thursday to determine if homework is completed for Friday activities.

Sun.	Mon.	Tues.	Wed.	Thurs.	Fri.	Sat.
