- 

This year is unlike any other school year we've ever had. This means that in order to have a successful year we will have to be patient, understanding, flexible and kind to one another. I will do my best to communicate clearly and effectively, but please understand that this is new territory for me as well, so there is no doubt mistakes will be made. If there's ever a time where things aren't clear, or you have any concerns, please don't hesitate to reach out.

Students participating in the "In person" learning option will be completing lessons at school on their assigned days. On the off days (at home) they will be doing work in Google Classroom and Canvas.

School hours for those doing the "In Person" learning option are 8:25am-1:25pm Monday-Thursday. All students work online on FRIDAY.

Students participating in the "Home Study" learning option will be assigned lessons (both math & language arts) on Google Classroom and Canvas.
